Mounting Brackets - UNIFIX WP

BOATING

FIXED BRACKETS FOR ARCH

The UNIFIX WP RECLINABLE mounting brackets are ideal to fix your rigid solar panels on your arch.

Made of SAE 316L polished stainless steel, UNIFIX WP RECLINABLE is robust and entirely protected against corrosion. Its universal titling system allows it to be fixed on all arches : double or single bar, bimini arch...(diam 25 to 45 mm).

Thanks to the adjustable inclination of universal fixation system (-60°/+60°), UNIFIX WP RECLINABLE increases your production over 30% against a laying down installation.

The panel can be positioned either centered or off-centered according to your wishes or your arch configuration.
